Castêlo da Maia

Villa Ribela IN HARMONY WITH NATURE

The Villa Ribela project, in Maia, stands out for its contemporary architecture and design combined with a calm but sophisticated environment, encompassing the entire condominium.

This environment is provided not only by natural green spaces, a children's playground, and a beautiful swimming pool, all designed to provide residents with an excellent quality of life.

CUSTOMIZATION IS KEY

By combining a harmony of elements, comfort in interiors and exteriors, and proximity to goods and services, the Villa Ribela project was proudly designed and constructed by Habitici. With a highly sustainable character, each house has 1kW of energy produced by installing state-of-the-art solar panels.

Habitici's experts are fully prepared and available to assist at all phases of the housing purchase process. Financing, decoration, and even customization options are all tailored to each client's needs.

COMFORT & PEACE OF MIND

Focused on a modern and contemporary design in nude tones, we create spaces that transmit comfort, balance, and harmony. Your dream home comes true in the Villa Ribela, allowing you to live with the highest level of comfort possible.

DISTINCTIVE DETAILS

We create spaces that bring tranquility: the true feeling of coming home. We have carefully selected all the materials of extreme quality and genuine timeless beauty.

SUSTAINABILITY

DESIGN

ALL AROUND QUALITY

The closed condominium has a total area of 24928m2, which includes covered areas totaling 20180m2 and uncovered areas of 4748m2. Villa Ribela values quality at all stages of construction, from the materials used to the chosen appliance brands.

Featuring:

- Mitsubishi Air Conditioning
- Bosch hob, fridge, oven, extractor, and microwave
 - Bathrooms equipped with ceramic parts
- Possibility of choosing finishes and flooring in the rooms

IT'S TIME TO ENJOY

All the condominium's green areas invite residents, especially families, to enjoy the tranquility and calmness conveyed by the surrounding landscape. In between, it is always possible to give wings to happiness, whether in the pool, tennis court, on the kid's playground or with a simple revitalizing walk. All this is outdoors and safely, as the amenities are for the exclusive use of the residents.
